

A misty Cotswold landscape with rolling green hills, a winding road, and trees. The scene is captured in a soft, golden light, likely during sunrise or sunset, with mist rising from the valleys between the hills. A narrow road winds through the middle ground, and a line of trees is visible in the foreground. The overall atmosphere is serene and picturesque.

## CNC Carving

Traditional masonry skills can now be enhanced by modern technology. Computer aided design and modern machinery produce precision relief carvings at affordable prices. We offer an extensive range of beautiful designs and can also reproduce bespoke works of art to create a memorial as unique as the person you're commemorating. The resulting 3D carvings can be left as natural stone or painted by our team of highly skilled artists.

## CNC Lettering

The same modern technology can accurately reproduce 'V-cut' lettering, a deep profile inscription which has significantly more impact than traditional sand-blasted letters.
